Wafer Retrofit Trim

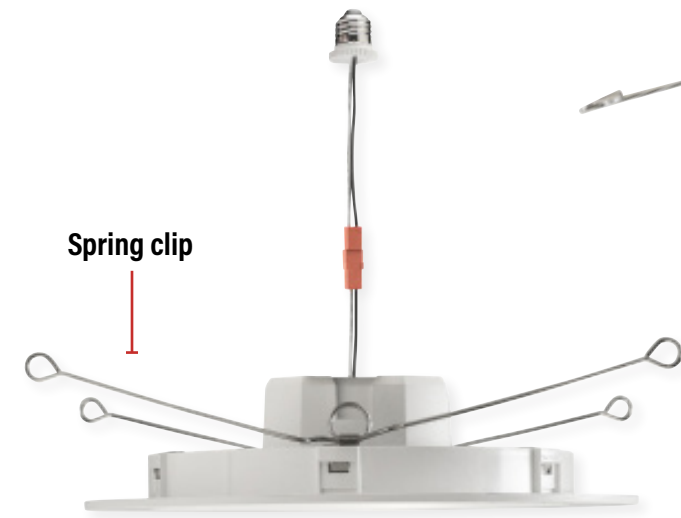

POWER SELECT ← → COLOR SELECT ← →

Quick-connect E26 adapter and screw-in allows for quick install

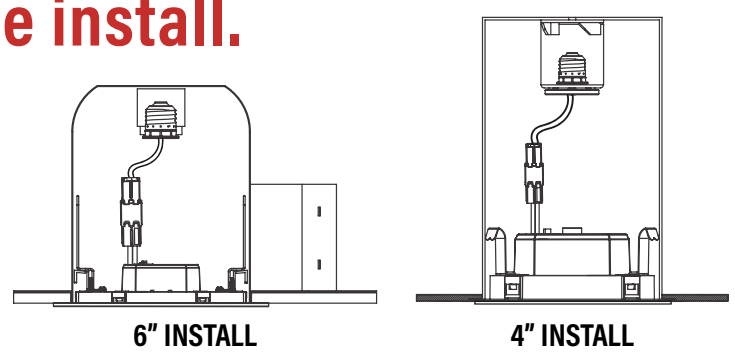

Spring clip

Installs in can but keeps a wafer aesthetic

Modern aesthetic, simple install.

Retrofitting a space with can lights, but want a wafer aesthetic? Our Aviva Wafer allows you to keep a wafer aesthetic while making use of can receptacles. Installation takes seconds.

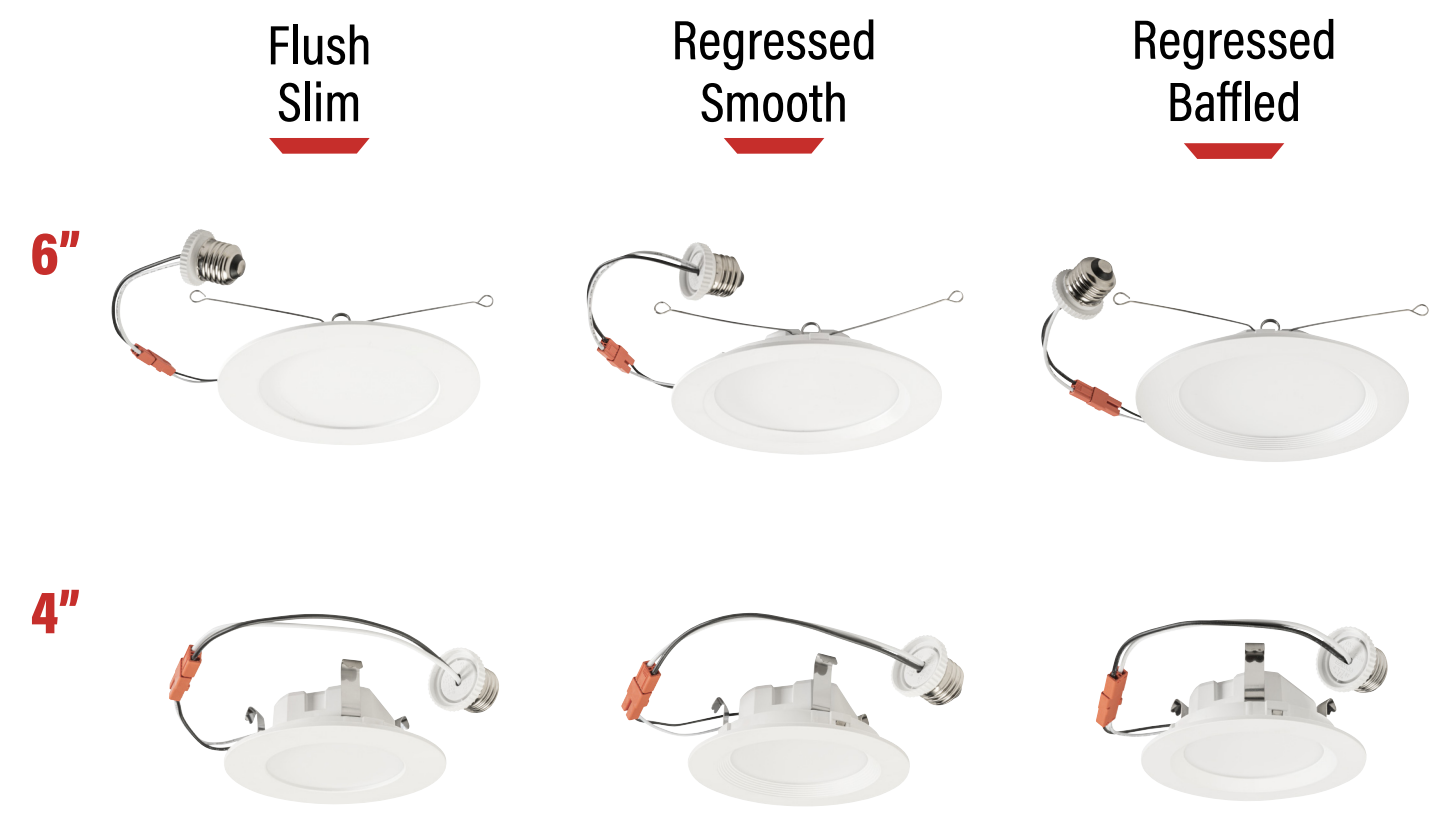

6" INSTALL

4" INSTALL

Adjustable 3 power outputs and 5 CCT

This one retrofit can be used on many different jobs. With selectable power and color it can fit any project and be easily changed if the end user wants a different atmosphere.
