

LINTA

LINEAR ARCHITECTURAL FIXTURES

Distinctive. Elegant. Simple.

SINCE 1945
KEYSTONE
LIGHT MADE EASY®

Beautifully simple

Introducing Linta. Architectural lighting from Keystone.

It's a linear direct/indirect fixture that's elegant, modern, and versatile. A fixture that's attuned to your style – and your project budget.

Linta fixtures link seamlessly with simple, intuitive connections. Join them together to form straight lines or angled figures. Easily transition the ambience of your space with field-adjustable uplighting and downlighting, and select the right color temperature and lumen output for any room with the touch of a switch.

The length and look is up to your imagination.

It's easy to specify, easy to order, and easy to install. And, in particular, easy to design the light you want in your space.

That's Linta by Keystone. Light Made Easy®.

Simple connections

Linta is available in four lengths—2 feet, 3 feet, 4 feet, and 8 feet—as well as X shapes, T shapes, and L shapes.

Installation couldn't be simpler. The provided toolless brackets feature a snap-and-lock design that allows you to link fixtures seamlessly and firmly, and with pre-installed connectors, you can hook up power and dimming in seconds.

For an even smoother look, an optional 32-foot rolled polycarbonate lens can be cut to length to minimize seams on multiple fixture runs.

Tool-free connections

A linking bracket is included with each fixture. Slide in each end to connect and snap the clasps down to lock in place. You can link up to 7 fixtures in a row using just one power source.

Snap-and-lock clasps pull tight to eliminate gaps

Press to adjust height

Slim design—just under 3" wide

Each linked fixture features direct/indirect lighting, selectable power output, and CCT

Endless configurations and possibilities

Create singular designs with distinctively shaped fixtures. Each features uniform lighting that eliminates corner hot spots. They also offer the same simple connections as our linear fixture.

L Fixture

X Fixture

T Fixture

Versatile mounting options

Linta offers almost unlimited mounting possibilities. Suspend from the ceiling with the included cables, or easily add mounting hardware to any fixture to create a variety of lighting design solutions.

Hang as a pendant . . .

Included in the box with every fixture, your choice of two cable styles for pendant mounting from any ceiling:

- Standard 15' aircraft cable with tapped base coupler hardware
- Looped-end cables with adjustable "Y" grippers

A wide variety of canopy cover feed and non-feed kits are also available to suit all potential suspension installation needs.

. . . or, add a kit and mount on a wall or ceiling

Quickly add a mounting kit to any fixture length and expand your mounting options. Linta can be mounted flush against the ceiling, in the plenum, or on a wall.

Recessed Mount Kit

Surface Mount Kit

Wall Mount Kit

Watch the video

It's 45 fixtures in just one elegant design.

Illumination made simple

Linta: The power of many fixtures in one elegant design.

- Direct (downlighting) and indirect (uplighting) lighting settings are as easy as flicking a switch.
Choose between:
 - 100% direct
 - 50% direct / 50% indirect
 - 70% direct / 30% indirect
- Keystone Power Select technology with 3 selectable power outputs
- Keystone Color Select with 5 selectable CCT:
 - 2700K, 3000K, 3500K, 4000K, and 5000K.

Integrated
Emergency
Backup

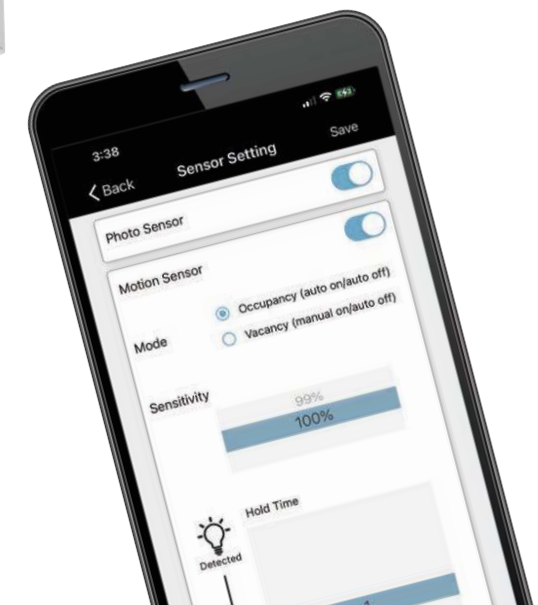

Advanced customization

For emergency lighting needs, Linta is designed to work with Keystone SmartSafe emergency battery backups.

Further customize your Linta installation with Keystone SmartLoop wireless controls. Simply add the available custom-designed end cap and fine-tune the light beyond the selectable switches.

KT-LALED-4A-SM-KIT-B	Black	
KT-LALED-8A-SM-KIT	White	Surface mounting kit for 8' fixtures
KT-LALED-8A-SM-KIT-B	Black	

Recessed Mounts

CATALOG NUMBER	COLOR	DESCRIPTION
KT-LALED-2A-RM-KIT	White	Recessed mounting kit for 2' fixtures in drywall ceilings
KT-LALED-3A-RM-KIT		Recessed mounting kit for 3' fixtures in drywall ceilings
KT-LALED-4A-RM-KIT		Recessed mounting kit for 4' fixtures in drywall ceilings
KT-LALED-8A-RM-KIT		Recessed mounting kit for 8' fixtures in drywall ceilings

Cord and Wire Harness

CATALOG NUMBER	COLOR	DESCRIPTION
KT-CS-NP-10-18/5-W /LA	White	10' input power cord, 18/5, 300V SJT, White. Includes power quick-connects and strain relief optimized for KT-LALED fixtures
KT-CS-NP-10-18/5-W /LA-B	Black	
KT-LALED-WH-MD-KIT		Wire harness kit for multi-directional power feed. Used in conjunction with an input power cord when the feed location is in center of run

Sensors

CATALOG NUMBER	COLOR	DESCRIPTION
KTSL-FC2-12V-SM-PIR	White	Bluetooth mesh wireless low-voltage individual fixture controller for SmartLoop system
KT-LALED-A-EC-SL	White	End cap for SmartLoop wireless control sensor
KT-LALED-A-EC-SL-B	Black	

Lens

CATALOG NUMBER	DESCRIPTION
KT-LALED-A-32S-LENS-KIT	Monolithic lens for KT-LALED fixtures. 32 ft long roll.

Additional Accessories

CATALOG NUMBER	COLOR	DESCRIPTION
KT-LALED-CANOPY-1-KIT	White	Pair of 5" circular canopy covers, with included hardware to install (1) fixture: 1 power feed, 1 non-power feed. For use with standard J-box / stud mount installations. Compatible with aircraft cable hardware included with each fixture
KT-LALED-CANOPY-1-KIT-B	Black	
KT-LALED-A-EC-EM	White	End cap for emergency backup test button
KT-LALED-A-EC-EM-B	Black	
KT-JBOX-4TB		4" octagon box / T-bar box. (3.5" across flats) Includes punch-outs to slide over T-bar grid
